Campaign To Get Under Way Monday at Scout Camp, Ockanickon

ANT 6200 DONORS

Increase Cost in Operation of Council Justified by Progress Made

The opening guns of the Bucks County Council Boy Scout Financial Campaign will be fired on Monday evening, September 15th at Ockanickon, when finance from all parts of the county will meet for the purpose of receiving final instructions and information relative to the campaign. The campaign which has a goal of raising \$6200 from friends of Scout contributors in the county, has been organized and will operate under the direction of President F. P. Humer, Gilbert H. Gendall and Hon. Thomas B. Stockham.

Members of the finance committee of the council who will be in charge of the operation of the campaign are as follows: Sheridan B. Z. Warren, F. Betsch, Col. W. J. Zuberlin, William H. Rufe, Jr., Samuel Klein, and F. Stanley Miller.

The funds of the council are fully budgeted by the finance committee members and expended for their direction. Each year the books of the council are audited by a certified accountant and a report rendered to the council and the national office of the Scouts of America.

The increased cost in the operation of the council, members feel, has been well justified by the progress which is being made in giving Scout program of Cub Scouting, Scouting and senior Scouting the boys in the entire county.

The five year program of the council which is under the guidance of the committee, headed by Mr. Hiram H. Keller, has been instrumental in the development of program which has received regional and national comment as outstanding in the work of the county throughout the county.

**SECRETARY MARSHALL** is expected to ask President Truman as soon as he returns from Brazil to call a special session of Congress to deal with Europe's rapidly deteriorating economic situation. Legislative endorsement of the Marshall Plan was said to have become complicated through Foreign Secretary Bevin's suggestion that the United States redistribute its stock of gold. Official Washington thoroughly disliked the idea, but British official circles believed it "well worth examining."

Left-Wing labor attacks on the Marshall Plan suffered setbacks in Britain and in this country. The British Trades Union Congress rejected pro-Soviet pleas and endorsed Mr. Bevin's foreign policy of close association with the United States.

Greece and Turkey were said to have liberalized their governments to meet American and domestic criticism. Liberal party leader Sophoulis will head a new Athens Cabinet and Premier Pekar named five moderate members to his Turkish Government.

The Socialist revolt in Hungary against the Communist-controlled regime was spreading to the rank and file.

## A SUCCESS STORY

Hon. Franklin H. Lichtenwalter, G. O. P. candidate for Congress, Bucks-Lehigh District.

## LIGHTENWALTER'S LIFE STORY IS ONE OF SUCCESS

Republican Candidate For Congress Has Had An Active Career

HAS WORKED HARD

The life of the Republican nominee for congress, to be voted on at the Special Election next Tuesday, is a true success story of a real Pennsylvanian.

Franklin H. Lichtenwalter, Speaker of the House of Representatives of the General Assembly of Pennsylvania, was born March 28, 1910, the son of Bert A. and Ellen M. Lichtenwalter, and still lives in the community of his boyhood, Center Valley, Lehigh County. His mother has been for more than a quarter of a century a member of the world famous Bach Choir, of Bethlehem, where she sings soprano. She took her son, Frank, into the celebrated musical organization and he was a member for many years of the baritone section. He completed the public schools of Upper Saucon Township and graduated from Allentown High School.

Starting out in life, he first obtained employment in an Allentown laboratory and then went to work for the American Oil Company. At the same time he started out for himself in a modest way by opening a small insurance agency at his home in Center Valley. His personal venture prospered by dint of hard work and courage in the midst of the depression and he was soon operating his own insurance business.

On September 2, 1931, he married Marguerite Stoneback, of Coopersburg. The wedding at St. John's Evangelical and Reformed Church, in Coopersburg, culminated a youthful romance that began while they were students at Allentown High School and where she also graduated.

Mr. Lichtenwalter's public life began in 1935 when he became speaker of Upper Saucon Township at the age of 25. The first Republican to hold that office in more than 30 years, he served two terms. In 1938 was elected to represent the 2nd Legislative District of Lehigh County in the House of Representatives and took his seat in Harrisburg in January, 1939. He was re-elected in 1941. His Democratic neighbors paid him the tribute.

## YOU'VE GOT A DATE ON TUESDAY!

Whatever else you have in mind for the next few days, KEEP SOME TIME OPEN NEXT TUESDAY!

The most important thing you have to do that day is VOTE! The special Congressional election in this district, to fill the seat vacated by the death last May of Congressman Charles L. Gerlach, has raised far-reaching issues.

They are so urgent that every voter in Bucks and Lehigh Counties ought to STAND UP AND BE COUNTED!

The whole nation is waiting to see what the voters of this district have to say about the invasion of their home territory by labor-bosses and pro-Communists, backed with vast sums of union dues.

From Maine to Vermont, observers are watching to see whether the time has come when a band of men who don't like a law can use this district to gang-up on it, defy it, and ride it down in contempt before it has had a fair trial.

They are holding their breath to see whether the sentiment of this district will support Congress in carrying out its Constitutional function of making laws for ALL the people—even for the labor bosses! The Taft-Hartley Labor Act—supported almost unanimously by the Republicans in Congress, supported 126 to 93 by the Democrats, opposed consistently only by the COMMUNISTS among all the political parties in the country—has been under the guns here.

If the Taft-Hartley Act is repudiated in this election, how and when and under what circumstances will it ever be possible for Congress to pass laws for the benefit of the whole American people if these laws come under the criticism of labor bosses and the Communists? The answer would be, Never! The labor bosses would be dictators, and the Communists would have a clear road ahead of them.

Political observers also are waiting to see whether the Democrats of this district are going to submit to the taking over of their party by the CIO labor bosses and the Communists—the handpicking of their candidate for them by outsiders, the shoving of the Democratic Party into the background during the campaign, the setting up of a non-Democratic special committee to tell the candidate what to say, and the running of the candidate, not on the Democratic platform and record, but on a special platform backed by no political party in the United States except the Communists.

## Parrot Chasers!

(By "The Stroller")  
Bristol Fire Company, No. 1, received a call yesterday—but not to extinguish a fire. Services of members were required in a parrot chase.

It appears that a parrot owned by a Bristol Terrace II resident had gained its freedom about three weeks ago. Yesterday the bird returned to that area. The owner almost had it safely in a cage, it is said, when voices of children calling scared the parrot and he made off again, taking refuge in a tree. The firemen were summoned and placed a ladder against the tree, but the parrot, apparently thinking too much of its newfound freedom, made off, leaving the firemen "holding the bag."

## BRISTOL TWP. SHOWS ENROLLMENT INCREASE

Elementary Grades Up 177, and High School Pupils Increase 38

2,014 RIDE THE BUSES

A survey of enrollment figures for this term compared with the enrollment for the term of 1946-47, shows an increase of 215 pupils in Bristol township public schools. It is announced.

The figures were compared at the September meeting of the board of school directors held at the Bristol township junior high school building, last evening.

The elementary grade enrollment has jumped from 917 to 1094, or an increase of 177 over last term; while the high school enrollment is up 38, the listing last term being 396 as compared to 434 this term to date.

Yesterday, board members state, the pupils boarding and leaving the school buses were checked, and it was found that 2,014 were transported. "The number will probably increase as the term advances," stated a member of the board today. "Inasmuch as during this warmer season some pupils ride their bicycles to and from classes."

The president of the board, James H. Robinson, presided, there being but one absentee. Minutes of the August 7th session were approved. Continued on Page Two

## Notice to Advertisers

Due to changed conditions in the publication of a daily newspaper the Courier finds it absolutely necessary to set an advertising "dead-line" and hereafter reserves the right to reject advertising copy received later than seven days previous to the date of publication.

This means that copy for advertising to be inserted in the Thursday issue of the Courier must be in the Courier office not later than noon of the Thursday previous to publication.

The Courier may also find it necessary to reject copy ordered for a certain day due to a shortage of newsprint. The supply of newsprint which the Courier has on hand sometimes does not warrant accepting copy for a certain date as it might on that date make necessary the printing of a paper of more pages than the stock of newsprint on hand warrants.

We trust our advertisers will co-operate with us and they can rest assured that the Courier will do all that is possible. But we do not want advertisers to feel discriminated against if it is found necessary to reject copy for the date ordered.

### "SPOOKS" ARE KILLERS

It is surprising that there has been no serious movement to prohibit automobiles. Last year they killed 33,500 persons and injured another million. Few wars in history have caused so many annual casualties, and there has been talk of outlawing war.

The automobile death rate has gone down since Pearl Harbor. It was almost 40,000 in 1941. The main reason for the drop is that Americans drove fewer miles because of wartime shortages. When everyone gets that new car, the rate will resume its steady climb.

If this appalling casualty rate could have been foreseen 40 years ago, every state in the union might have forbidden the use of automobiles by its citizens. But such drastic measures are not necessary. The problem can be licked by regulation—or so it is hoped. The only question is how many more Americans will be killed or injured before the necessary steps are taken.

Most automobile deaths are caused by a small number of "accident-prone" drivers—some-times called "spooks." The same persons have accident after accident. Yet the law permits them to drive. With casualties already at a rate of more than 1,000,000 a year, the chances that any individual will escape being hit by a "spook" are not very good.

The problem is to keep "spooks" from driving. And all efforts to that end seem to have been unavailing.

### WEATHER CONTROL

According to a Washington dispatch, the government may be asked to do something about people who do something about the weather. It is now revealed that rain-makers can not always make the downpour drench the area for which it is intended. See what happened recently in Anadarko, Okla.

Three men of Chickasha, Okla., wanted to bring rain to their parched town. They flung 105 pounds of dry ice into a cloud 13,500 feet above Chickasha. According to a news report, the rains came, but so did a strong wind from the East and the moisture, one-half inch of it, fell on Anadarko, 19 miles away, while Chickasha remained bone dry.

The president of the Anadarko Chamber of Commerce sent a letter of appreciation to the Chamber of Commerce in Chickasha:

"The Lord loveth a cheerful giver, especially be it a 45-inch rain on a drought-stricken farm area. Your city's action yesterday in dropping dry ice and having a wind carry your rain efforts into Anadarko is sincerely appreciated by every member of the Anadarko Chamber of Commerce. We hope to be able to return this favor next time a wind blows in your direction."

Supplying rains for neighboring towns is all right in a country where a friendly spirit exists among communities. But what would happen if the locality so favored didn't want rain?

### Fire Destroys Barn, Hay, Straw at Reedman Farm

**Continued from Page One**

There is insurance for about a third of the loss.

Neighbors quartered the Reedman heard last night and will continue to do so during the emergency.

The emergency truck of the Bucks County Rescue Squad furnished light for the firemen as the great flood lights of the truck were directed upon the scene.

Hundreds of spectators rushed to the scene with the sounding of the alarm and came from a wide area. Firemen took control of the roads and halted traffic on some of them.

## Cripple Beaten By A Berserk Stranger

An employee of Barker & Williamson shop in Upper Darby was trapped on a Philadelphia subway stairway yesterday by a berserk stranger at 15th and Market streets. He was cruelly beaten while a curious crowd of several hundred watched.

None of the spectators moved in response to the victim's screams for help and he fought alone with his cane until police arrived.

The victim was Arthur E. Sharp, 55, of 3242 N. Sydenham street, Philadelphia. In 1939 he lost all but four inches of his right leg in a railway accident, and he now works as a radio assembler.

At 7:30 a. m. yesterday he was walking laboriously down the stairs to a 69th street train, gripping the railing with his right hand and holding his cane, his lunch and newspaper in his left hand.

Suddenly, he later told police, he was attacked from behind and repeatedly slugged on the head. Terrified of a fall, Sharp could not let

go of the railing and could only stumble down the stairs, shrieking "help."

At the bottom, he turned to face his assailant, a 54-year-old man later pronounced psychotic, and demanded: "What's the matter with you?" The response was a blow in the face that split both of Sharp's lips and knocked him down, injuring his hip.

Sharp fought back with his cane, thrice cutting the attacker on the head, but none of the rapidly growing crowd moved to help him. When police arrived, they took both men to Hahnemann Hospital. The assailant was pronounced a victim of a psychosis and transferred to Philadelphia General Hospital, while Sharp's lips were stitched and he was allowed to go home.

Later in the day the man who attacked him was released in the custody of his wife.

## Fine thing to See - to Drive - to Own

YOUR heart is set, we'll say, on something really superfine.

You want smartness — a truly handsome appearance that does you proud in any crowd.

You want ability — a car that does things, and with effortless ease.

You want size — size for interior room and size for steady, level going and serene disregard for the roughness of the road.

You want fine finish — truly rich interiors in perfect taste with the unmistakable touch of quality in every detail.

Against this prescription we ask you to put the Buick Roadmaster — match it, if you will, against any other car regardless of price for all-round excellence.

We don't have to point out its smartness — you see that.

But did you know that under this bonnet is 144 horsepower of smooth Fireball power?

Have you sampled how its 4400 pounds and 18 feet of bigness — mounted as they are on four gentle coil springs — level the roads to ballroom smoothness?

Have you tried its light handling — tested its smooth, easy lift under your treadle foot — inspected the fine rich fabrics, the tasteful in-

terior trim, the fittings executed with the precision of fine silver?

A fine thing to see, a wonderful thing to drive, the Roadmaster is indeed a prideful thing to own. We honestly believe that nowhere can you find such a perfect balance of superfine qualities — style, size, handling, ride and finish.

If your standards are high, your expectations great, come see us now about placing an order — with or without a car to trade.

## Lichtenwalter's Life Story is One of Success

Continued from Page One

ute of also nominating him as his candidate—thus he was unopposed. So ably did he represent his constituents that he was re-elected to the House of Representatives in 1940, 1942, 1944 and 1946.

During those five consecutive terms, he has had innumerable committee appointments, substituted for Governors on speaking engagements, served as a member of the Pennsylvania delegation to the Council of State Governments, and as an officer of the Joint State Government Commission.

In 1943, while he was in only his third term of office, the youthful Assemblyman was chosen majority floor leader. Meeting in caucus in December, 1946, the Republican majority selected him as Speaker of the House, laying aside the party's time honored custom of electing only senior members to that high post.

When the Legislature met in January, his elevation marked the first time in 157 years that Lehigh County was honored with the Speakership. Another precedent was broken in that Mr. Lichtenwalter, at the age of 36, became the youngest of his party to ever attain that office. In nominating him for election by the House to the Speakership, Representative Herbert P. Sorg, of Elk County, praised Mr. Lichtenwalter as "an energetic, magnetic and loyal" legislator. In his speech of acceptance, Mr. Lichtenwalter said, "I approach this task with deepest humility and a desire to serve you and the people of Pennsylvania."

In addition to making him Speaker of the House his colleagues selected him to be Secretary-Treasurer of the Joint State Government Commission, which is the coordinating, fact-finding, information and reporting agency of the General Assembly during the period between sessions.

In this capacity he became the leader to name House members to the approximately thirty committees of the Commission in making critical and far-reaching inquiries and reports to be presented for legislative action at the next session.

He was also named as a member of the Commission on Inter-State Cooperation for the Council of State Governments of the United States. This committee studies and reports on material problems on both State and National levels.

After being named to the Council by the Legislature, he was elected in the Council as Chairman of the Northeast Division on Problems of Social Welfare and Relief of the

Council of State Governments. There the States work out the problems of uniformity in these vital humanitarian fields of government activity. Mr. Lichtenwalter is also a member of the National Conference on Child Welfare and Youth.

In addition, he is: Member, Executive Committee, Interstate Commission on the Delaware River Basin; Secretary, Governor's Advisory Commission on Flood Control and Navigation Projects under the National Flood Control Act; Member, National Committee, Rivers and Harbors Congress.

The post of Speaker of the House is considered the third most important in the State Government. The Speaker is the presiding officer, on the rostrum at all times while the House is in session, and must be an expert on parliamentary procedure—the same procedure used in Congress. He must also be an expert on the details of legislative procedure and know the status and position of the hundreds of bills going through the lawmaking processes of the Assembly. As the one who holds the gavel, he must maintain order, keep the House informed, and in the heat of debate protect and preserve the rights of both the majority and minority sides.

How well Mr. Lichtenwalter discharged all these responsibilities and won the esteem of all his colleagues—the minority side as well as the majority side—is best told by quoting from the speech made by Representative Hiram Andrews, Minority Floor Leader for the Democratic Party, on June 12, 1947, in seconding the action of Mr. Sorg, who offered a resolution of tribute to Mr. Lichtenwalter on his selection to be the Republican Party's candidate for Congress in the special election on September 9th, 1947. The contest is to fill the 8th Congressional District seat, covering Lehigh and Bucks County, which

had been made vacant by the death of Congressman Charles L. Gerlach, Republican.

Democratic Minority Floor Leader Andrews said on the floor of the House:

"Without reservation, I endorse the tribute it pays to the Speaker of the House. For, Mr. Chairman, the gentleman from Lehigh, who has presided over the sessions of this House, has ably maintained a creditable tradition. Without infringing upon the rights of the majority he has accorded the minority every proper consideration. Upon occasion he has even leaned over backwards as a result of his evident desire to be fair."

Mr. Andrews, a newspaperman in private life, then read a poem of tribute to Mr. Lichtenwalter which he had composed and which said, in part:

"Before his seat we state our case, He draws no line of wealth or race. In all his rulings he has been fair, That's why he adorns the Speaker's chair. . . .

"We're pleased to note he has the hope, To give his talents a wider scope; To serve the people of the Nation, With the National Congress as his station. . . .

"If he should win his Congress race, It will take some doing to fill his place. . . . So where'er Lichty goes and his race we scan, We'll say—and mean it—there runs a man."

In private life Mr. Lichtenwalter is still in the general insurance business and is a director of the Goschenhopen Mutual Fire Insurance Co. He is a trustee of the Pennsylvania Association for the

## Lillian Gish Will Star In "Marquise" Next Week

NEW HOPE, Sept. 5 — Lillian Gish, one of the great women of the stage and motion picture world, will be the star of "The Marquise," a sophisticated comedy by Noel Coward, which opens at the Bucks County Playhouse, here, the week beginning September 8th.

Featured in leading male roles as two former lovers of the woman of the title will be Frederic Tozere, seen here recently as the Archbishop in "Joan of Lorraine," and Judson Laire, who has been acting with Miss Gish in several other summer theatres. Mary MacArthur, who made her theatrical debut with her mother, Helen Hayes, at the Bucks County Playhouse last summer, will have the ingenue role. Others in the cast include Walter Coy, Viola Roache, Mitchell Agran, Horace Cooper, and Robert Vetrant.

The scene of "The Marquise" is a chateau in Paris of the late 18th century. Miss Gish and the other members of the company will be seen in the colorful costumes of the period in a glamorous setting designed by S. Syrla.

### Today's Quiet Moment

By the Rev. Samuel K. Gaskell  
Pastor  
Tollytown Methodist Church

Where'er they seek Thee Thou art found, True, O Lord, by those who truly seek. Too many of us have lost the sense that can discern Thee. . . . It is not a sense of hearing, seeing, or understanding. These are the faculties that help us in life, but the sense by which we discern Thee is something different. We remember the words of the great Teacher who said: "Blessed are the pure in heart, for they shall see God." We have drifted from the condition favorable to sight of Thee. Create within us clean hearts, O God, and renew right spirits within us; then shall we find the clouds lifting, and Thy face, the face we see in Jesus Christ, shining forth. Grant this, in Jesus' Name. Amen.

## SPORTSMEN'S BRIEFS

By JOE ELBERSON

Bristol meets... next Tuesday evening, September 9, the Bristol Fish & Game Protective Association will hold its monthly meeting at 8 o'clock in the Odd Fellows Hall, Walnut and Radcliffe streets. Plans and details for the annual outing to be held on the Club grounds, opposite Silver Lake, on the 14th, will probably feature the business of the evening. All members are asked to be on hand, and all sportsmen have a cordial invitation to come to the meeting.

Stocking... from the Game Commission came quite a few 14-week-old hen pheasants last Saturday morning for stocking in this area. Twenty-five of the birds were released by the Middletown club in that area. Another twenty-five birds were brought to this section and placed in the pens of the Bristol-Edgely clubs. All the birds were reported in excellent condition.

Very few... a survey among ten railbird hunters who were out on Monday for the opening of the season indicated a take of exactly five birds. Half of this number didn't flush a bird. One man had three birds to top the list.

The tide was right Monday, and if the moon has anything to do with good hunting it was right, too, the reeds are thick, the seeds are falling in profusion from the reeds, but there just doesn't seem to be any birds.

Those few birds that were killed were reported in excellent condition. Probably they have been in this section for some time. It appears that another mediocre season is going to predominate again this year, but a few good flights could change this considerably.

Another meeting... next Monday, September 8, delegates from the organized sportsmen's clubs of Bucks County will meet in the E. G. E. Hall, Main street, Doylestown, for the monthly meeting of the county Federation. The meeting will open at eight p. m. All delegates are asked to be on hand for some very important business to be transacted.

Some scores... in a practice blue rock shoot, held over the Bristol traps last Sunday afternoon, Bill Warner, well-known local shooter, topped the honors when he went straight in the 25-bird 16-yard singles event, and placed first in the 12-pair doubles events with a score of 22. A perfect score of 25 was made by Jim Katz in the singles. Two other well-known shooters, Bill Quinn and Joe King, both of the Edgely club, turned in scores of 24.

According to an announcement of the trap committee, the Bristol traps will be open this Sunday afternoon for another practice shoot. There will be plenty of ammunition on hand. Shooting will start at two p. m.

Outing... the annual fall outing of the Holmesburg Fish and Game Protective Association is scheduled for September 28th. This is usually an outstanding event in the Philadelphia area and you are certain to find some outdoor activity that will interest you there.

## ST. ANN'S ELEVEN TO MEET BEVERLY A. C.

St. Ann's A. A. has secured Beverly A. C. as its opponent for its opening football game, Saturday night, September 13th, under the lights on the Bristol High School field. Permission was granted the use of the high school field at a meeting of the school board, Tuesday evening.

It was announced last night that the "Saints" have withdrawn from the Northeast Philadelphia Football Conference. Disagreement as to the playing conditions caused the Purple and Gold to withdraw. Last season, St. Ann's won its division and attracted several thousand fans to the playoff games.

"Mike" DeRisi and "Chick" Clatella are the St. Ann's coaches, with the managers being Louis Niccoli and Leon Clatella.

The "Saints" have a game booked at Baltimore in October. They will play the U. S. Marines there.

## BOWLING LEAGUE TO OPEN

## LANGHORNE HIGH HOLDS FOOTBALL PRACTICE DAILY

50 Candidates Report To Coach De Risi; 14 Are Lettermen

A 10-GAME SCHEDULE

Opening Game With Falls Township; Season Ends With Bensalem

LANGHORNE, Sept. 5.—Under the watchful eye of Coach "Mike" DeRisi, Langhorne High is practicing daily to round itself in shape for its defense of the Lower Bucks County championship.

Coach DeRisi has had 50 candidates to help him complete his 10-game schedule. The Redskins open with Falls Township on the night of September 19th and close with a morning game against Bensalem on Thanksgiving Day.

Fourteen letter-men are back with the Langhorne squad and included in this group are six backs, two

ends, five tackles, two guards and a center. Most of the other aspirants for positions are boys who have moved up from last season's junior varsity team.

Outstanding in the group are two wingmen who DeRisi feels will make all-county ends. They are "Bill" Fizzano and Millard George. Both were varsity endmen last season. Others trying for end posts are: R. Davis, "Bill" Heisey, Walt Hoffman, "Herbie" Hoffman, Don Caulfield, and Edgar Price.

"Inky" Schneider, triple-threat backfield star of last season, will be missed greatly. Schneider is now attending West Chester State Teachers College. In the practice session, DeRisi has been using "Army" Fizzano, Semarian Brown, "Bill" Smith, and George Beswick as his starting backfield. Fizzano is being used for passing; Brown, running; Beswick, plunging; and Smith doing the kicking. Other experienced backs are Al Knox and "Ferdie" Reetz. Other backfield candidates are: "Monk" Mongillo, Jack Reilly, Charles Maurer, "Herbie" Kaupp, Jack Cassidy, and "Billie" Schneider. The latter is a younger brother of "Inky" Schneider.

"Tommy" Salvatore is expected to be the regular center although the other two candidates who played fine ball with the junior varsity last season will see lots of action. They are Victor Gring and Ernie Pietsch.

DeRisi has five letter-men tackles from last season. They are Warren Tucker, George Myers, Richard Brown, Harry Curtis, and "Jim" Cameron. Those trying hard to break into this position are: Gregg Lewis, Wayne Stradling, and George Wagonseller.

E. Elenkel and W. Connolly are practically assured of starting positions at the guard posts although three other lads are coming up fast. Arthur Kurey, Calvin Tobias, and Al Wunsch will get into plenty of games before the season is over.

Faculty Manager George Zarr has four night games on the schedule, two at home and two away.
